

Aker Kvaerner MH

The Drilling Equipment & Systems Provider

Complete Drilling Equipment Package - Conventional

Structural Systems

- (01) Drill Floor Structure
- (02) Sub Structure
- (03) Drilling Structure (Derrick)

Heave Compensation and Tensioning Systems

- (04) Active Heave Compensator
- (05) Drill String Compensator
- (06) Direct Acting Tensioners

Hoisting and Rotating Systems

- (07) Drawworks
- (08) Drill Line
- (09) Crown Block
- (10) Travelling Block
- (11) Dead Line Anchor
- (12) Drill Line Drum
- (13) Derrick Drilling Machine (DDM)
- (14) Rotary Table

Pipe Handling Systems

- (15) Pipe Deck Pipe Handler
- (16) Tubular Feeding Machine
- (17) Well Centre Roughneck
- (18) Mud Bucket
- (19) Power Slips
- (20) Stand Building Arm / Eagle
- (21) Mouse Holes
- (22) Stand Building Roughneck
- (23) Bridge Crane
- (24) Drill Pipe Finger Board
- (25) Casing Finger Board
- (26) Lower Guiding Arm
- (27) Riser Handling Crane
- (28) Riser Finger Board
- (29) Riser Chute

BOP and X-Mas Tree Handling Systems

- (29) BOP Crane
- (30) BOP Skid
- (31) BOP Trolley
- (32) X-Mas Tree Crane
- (33) X-Mas Tree Skid
- (34) X-Mas Tree Carrier
- (35) Under Hull Guides

Control and Monitoring Systems

- (35) Drilling Control Cabin
- Intelligent Operator Chair(s)
- DrillView™ (Human-Machine Interface)
- E-Tally (Drilling Items Logistic)
- CCTV (Closed Circuit Television)
- CADS (Auto Seq. Pipe Handling)
- SMZS (Anti Collision)
- Process Control
- Well Control
- 3rd Party Integration
- Radio Control
- Local Control
- Remote Diagnostic

Miscellaneous

- (36) Access Baskets
- (37) Manrider Winches
- (38) Utility Winches
- (39) Catheads
- Air Compressors
- Air Pressure Vessels
- Hydraulic Power Units
- Variable Frequency Drives
- Motor Control Centres
- Bulk Storage, Drilling Fluid Circ.,
- Mixing and Cementing Systems

Notes:
Picture illustrates a selective range of various typical Systems and
Products for a Conventional Offshore Deepwater Drilling Vessel.
